OUR GENESIS

Amity is the leading education group in India, with over 1,50,000 students studying across 1000 acres of hi-tech campuses. Amity University has a global presence with its campuses in London, Dubai, Singapore, New Jersey, China and Mauritius.

Amity University is passionate about grooming leaders who are not only thorough professionals but also good human beings with values and sanskaras. This is just one of the many reasons why it is consistently ranked #1.

RICS is a global professional body that promotes and enforces the highest professional qualifications and standards in the valuation, development and management of land, real estate, construction and infrastructure. With a heritage of over 150 years, RICS sets the standard for over 130,000 members and candidates operating in the development and management of land, real estate, construction and infrastructure across more than 140 countries globally.

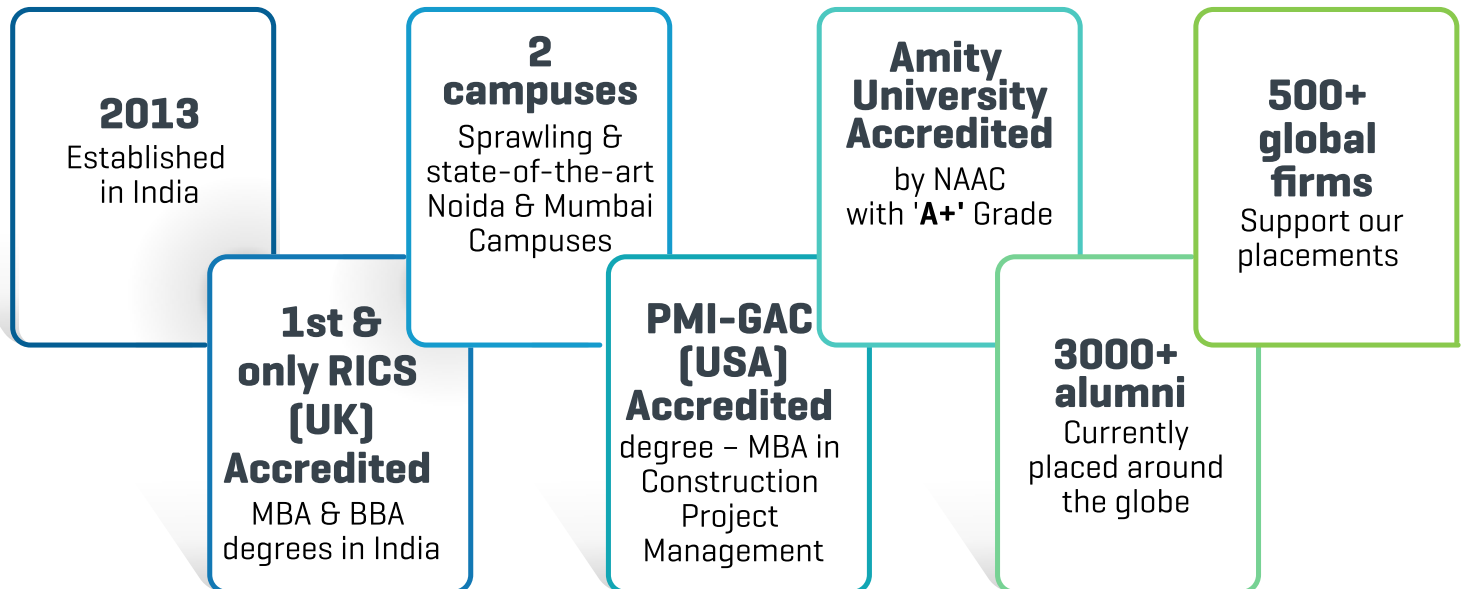

RICS and Amity University came together to establish the RICS School of Built Environment (RICS SBE), Amity University in 2013.

Established in 2013, RICS SBE provides industry-focused education for the real estate, construction, and infrastructure sectors, offering specialized undergraduate and postgraduate programs. With campuses at Amity University in Noida and Mumbai, RICS SBE has enrolled over 3,000 students, preparing them to become industry-ready professionals and addressing the skills gap in this dynamic field.

India's first and only School of Built Environment

- An industry-led academic institution

- RICS School of Built Environment [RICS SBE], Amity University is the first and only school of built environment conducting specialized Undergraduate & Postgraduate degree programs in India.
- It serves as a hub for research and development of technical expertise in the built environment.
- The school was set up in response to industry demand to address the shortage of skilled professionals in the sector.
- Established in 2013, RICS SBE is the only academic institution in India to offer RICS [UK] and PMI-GAC [USA] accredited programme. These programmes are:
 - Supported by leading real estate, construction, and -infrastructur firms
 - Benchmarked with international programs and conducted as per international standards
- RICS SBE is bridging the skills gap by delivering employment- ready professionals year after year.

CAMPUSES

With a world-class infrastructure that has all the latest amenities, we proudly boast of an environment that is not only student-friendly but also the most conducive for dynamic and focused learning. We have two state-of-the-art campuses – one in Noida and the second in Mumbai.

ACCREDITATION

Project Management Institute & Global Accreditation Center

The MBA in Construction Project Management programme is now accredited by PMI-GAC, a globally competent authority for assessing the quality of project management education. This is the first programme in India to be accredited by PMI-GAC.

Royal Institute of Chartered Surveyors

RICS-accreditation demonstrates a globally recognised standard of education in built environment [Real Estate, Construction & Infrastructure]. RICS accredited degree is valued by employers worldwide. It is considered as a hallmark of excellence by the Industry.

COLLABORATIONS

CBRE The organisation, one of the biggest global property consultants, has partnered with RICS SBE on various aspects, where CBRE imparts industry-ready training to upskill the students. The collaboration also includes participation in events that the school organises, like conferences, guest lectures, and site visits.

RaSpect (Hong Kong) The organisation, a Hong Kong-based start-up working on latest technologies like the use of drones and AI, has partnered with RICS SBE to collaborate on research and skill development.

Amity University and RICS School of Built Environment have established relationships with universities across continents to build knowledge and thought leadership.

Amity University and RICS School of Built Environment linkages with Universities in Asia, UK, Australia and US enable our students and faculty to engage in semester exchange, summer programs, travelling studios and research. This provides a gateway to enrich our academic colleagues and student experience with global knowledge.

Universities can choose to engage in: • Student exchange • Faculty exchange • Travel studios • Empanelment as guest faculty/trainer/researcher

OUR WAY OF LIFE

Student Learning Innovation and Networking Group (SLING)

An interactive platform where all our students engage in recreational and knowledge-based activities. It is an endeavour to help students discover their talents apart from academic pursuits.

Mostly, all the activities are conducted as part of different clubs:

- Sustainability Club
- Debate Club
- Photography Club
- Sports Club
- Entrepreneurship Club
- Cultural Club

[S.L.I.N.G]

STUDENT LEARNING, INNOVATION
AND NETWORKING GROUP

Aspirational Campus Life

The campus provides a calm and serene setting to engage in various activities and promote an all-rounded personality development of students. The vibrant atmosphere allows the cross-cultural exchange of thoughts and practices, thereby laying the foundation for a balanced outlook on life.

SCHOLARSHIPS AND EDUCATION LOANS

Scholarship

We believe in rewarding hard work and excellence achieved by meritorious students in their academic endeavours. Scholarships are therefore awarded on a need or merit basis. The final decision to grant a scholarship lies with the scholarship committee. For details, visit www.ricssbe.org/admissions/scholarships

Scholarships Available for Undergraduate and Postgraduate Programs

On Admission Scholarship

Government Scholarships - Available at both state and central government levels.

Merit-Based Scholarships - For students who meet the eligibility criteria.

Education loans

Most banks in the country offer attractive education loans for students. For the benefit of prospective students, the RICS School of Built Environment has tied up with premier nationalised banks such as: PNB, HDFC, CREDENC [for Noida Campus], and Bank of Baroda, Canara Bank, HDFC, SBI, and CREDENC [for Mumbai Campus].

APPLICATION PROCESS

FOR NRI / FOREIGN STUDENTS

Home Away from Home for International Students

Ever since its inception, international students have been a part of Amity University. Drawn from countries all over the globe, students have found the university a home away from home. Separate, comfortable housing is available for international students. An international student office and counsellor provide individualised attention to the needs of international students.

Availability of Application Form

The Cost of the Admission Form is INR 1,500 /-

The fee for NRI/Foreign category will be the same as Sponsored fees.
